Manuka Honey deep-cleansing facial treatment (worth £79) for only £35

Manuka honey contains extraordinary healing properties that are capable of treating a wide spectrum of health conditions such as acne and wrinkles.

The full treatment involves:

A glycolic peel or microdermabrasion – removes dead skin so fine lines are smoothed and your complexion is brightened. Your skin will look younger and more radiant

Vitamin mask - contains clay, Manuka honey and vitamin A to deep-cleanse your skin

Rehydration treat – a daily moisturiser containing vitamin B5 to hydrate your skin
